

Megan I. Sartor Counsel

Megan specializes in the procurement and implementation of infrastructure projects on public-private partnership and alternative delivery bases in the solid waste management, recycling, renewable energy, residuals, water and wastewater treatment sectors.

Megan develops and drafts various requests for qualifications, requests for proposals, requests for bids and other procurement documents, and in the drafting and negotiation of various P3 agreements, including design-build, design-build-operate and design-build-finance-operate service contracts and related agreements. Megan has also assisted clients in connection with the sale of public water and wastewater systems to private utilities.

Megan serves as a Board Member of the New Jersey Chapter of the Solid Waste Association of North America (SWANA).
